Seven Applicants Failed To Report, As 83 Left by Bus

Of Kingston's quota of 90 youths for the Federal reforestation project only seven failed to show up this morning—will fill quota from reserve list.

This morning 83 youths of Kingston's quota of 90 for the Federal reforestation project appeared at the old armory, and left for Poughkeepsie by bus in charge of Secretary Fred A. Meeker of the local Emergency Work Relief Bureau. Wednesday evening the full quota of 90 youths reported at the armory for final instructions, but evidently for some reason not known seven of the men decided to back out at the last moment.

However, the local emergency committee has a reserve list and from that list the quota will be made up and the men selected taken to Poughkeepsie on Friday for physical examination at the armory in that city, where headquarters for this vicinity have been established.

Local officials of the Work Relief Bureau are much pleased over the fact that 83 out of 90 men reported for in other cities it is said that only 50 per cent of the quota would appear.

Those of the 83 who pass the physical examination and are accepted at Poughkeepsie today will be immediately transported to Fort Jay on Governor's Island for a period of training and preparation before being sent to a forest camp. All of the men who reported today had their suit cases with them as each man had to take with him a certain amount of clothing.

The 83 youths who went to Poughkeepsie today ranged in age from 19 to 25 years.

MR. AND MRS. BOCK IN HOSPITAL IN FLORIDA

Mr. and Mrs. John Bock of West Hurley are both reported to be in the hospital at Melbourne, Fla., suffering from injuries received in an automobile accident.

Mrs. Herbert Glass of West Hurley received a letter today from her father, Charles Shura, who is now in Ft. Lauderdale, Fla., stating that Mr. Bock suffered severe injury to his back and is in a cast from his waist up, with probability that he will have to remain in the hospital for at least four months. Mrs. Bock is suffering from a broken arm and other injuries.

The Bocks left Fort Lauderdale April 27 to drive home and had gone about 150 miles when their car went down an embankment and turned over.

Mr. Bock at one time ran a store on Crown street, Kingston.

40,000 PLACES WILL BE PERMITTED TO SELL BEER

Albany, N. Y., May 18 (AP)—Only two-thirds, or 40,000 of the places now selling 2.2 beer and wine under local licenses will be permitted to do so when the new state licenses become effective June 1. Chairman Edward P. Mulrooney of the State Alcoholic Beverage Control Commission estimated today.

Mulrooney predicted that if all the roadside stands, confectionery stores, gasoline filling stations and other places now selling beer apply for state licenses, 20,000 of them will be turned down. He pointed out that the only places that may be licensed to sell beer under the Punjabi beer law are beer gardens, restaurants, hotels, grocery stores, and drug stores.

DEMAND RESIGNATION OF STATE CHAIRMAN MACY

New York, May 18 (AP)—A resolution demanding the resignation of W. Kingsland Macy as Republican state chairman was adopted unanimously last night at a meeting of the Bronx county members of the Republican state committee.

The demand, made public today, was an outgrowth of Macy's denunciation a few days ago of John J. Kewitz, Bronx county leader, for his appointment of Thomas W. Whittle as tax commissioner.

The county meeting also adopted a resolution stating that if Macy refused to resign a meeting of the state committee should be called to "consider the unfitness displayed by him as state chairman."

BROADWAY RAMBLERS PLAY FOR BEAUTY CONTEST

The Broadway Ramblers will furnish the music at the bathing beauty contest at Spring Lake on Lucas avenue on Sunday afternoon when "Miss Lister" will be selected. The Ramblers will play all the latest tunes.

Paid Fine of \$25.

Albert C. Lundin, 22, of Madison, N. J., was arrested Wednesday by Trooper Metzger on a charge of operating an automobile while intoxicated. He was arraigned before Justice Walter Webber and was given a fine of \$25 or 25 days in the Ulster county jail. He paid the fine.

Treasury Receipts

Washington, May 18 (AP)—Treasury receipts for May 16 were \$2,553,383.75; expenditures \$13,135,716.14; balance \$416,524,913.62. Customs duties for 15 days of May were \$11,365,933.67.

Democratic Leaders Says Mitchell Is Seeking To Speed Huge Employment Program

New York, May 18 (AP)—Charles E. Mitchell's counsel says the former head of the second largest bank in the world, is now "worse than broke."

This defense contention stood out above a tangled tale of big money deals as Mitchell's trial on charges of evading \$550,000 in income taxes entered its fifth day.

Max D. Steuer, lawyer defending Mitchell, declared the former international banker still owes the house of Morgan \$5,585,000 on loans which are secured by collateral now worth \$1,000,000 less than that amount.

"Almost any other man except Mitchell," Steuer shouted yesterday, "would file a petition in bankruptcy and clear himself of that burden. Every scrap he possesses is pledged against that loan and he hasn't a cent."

Federal Attorney George Z. Medaile introduced letters which Mitchell, former head of the National City Bank, exchanged to complete a sale of 18,300 shares of the bank's stock in 1929. He produced the letters to support his contention that this sale to Mrs. Mitchell, whereby Mitchell established a loss of \$2,800,000 and avoided any 1929 income tax payment, was a fraud.

From Edward F. Barrett, a vice president of the bank, Medaile drew testimony that he knew of no payment made by Mrs. Mitchell to her husband for the stock and that no transfer tax stamps were affixed to his knowledge.

From Leonard A. Keyes, office manager of J. P. Morgan & Co., Medaile produced testimony that the Morgan firm was not notified of the sale of the stock which then was held in Morgan coffers as security for a loan Mitchell obtained in an attempt to hold up the price of National City Bank stock.

Steuer, cross-examining Barrett, brought out that Mr. and Mrs. Mitchell had engaged in many transactions by exchanging letters and that such a method was nothing unusual to them.

Killed in Combat With Holdup Man

Rochester, N. Y., May 18 (AP)—Edmund Van De Water, 53, widely known resident of the West Side, was shot and killed in combat with a holdup man in his United States postoffice substation and cigar store at 7:10 a. m. (E. S. T.) today.

Police are seeking an Italian about 25 years old, wearing a blue suit with a tear in the coat, who was seen to leave the store at 403 1/2 Brown street and who was trailed for nearly half a mile by a civilian.

The man was hatless and police said he apparently lost his cap in a struggle to blind Van De Water's eyes with wire.

Van De Water's body was found in a rear room, shot twice in the head and once in the body. Nearby were two caps and a small roll of wire.

Police Chief Andrew J. Kavanaugh said the circumstances of the slaying forced the conclusion Van De Water had been killed in the attempt to protect the postoffice funds as well as his own.

\$2,250 Each Month For Relief Work

That is what it means to Kingston to have 90 youths enrolled in Civilian Forest Corps as that money will be released for other relief work here.

Chairman M. H. Herzog of the local emergency work relief committee brought out the fact today that Kingston's quota of 90 youths enrolled in the civilian forest corps means that the sum of \$2,250 will be released each month for other relief work in the city, as each youth accepted for conservation work will have \$25 of his pay sent directly to his family each month.

The term of enlistment is for six months and the men will receive \$1 a day, with board, lodging and clothing. Where they will be sent from Fort Jay after their period of training and preparation is not known, but it is likely that they will be assigned to the nearest point where conservation work is being carried on by the Federal government.

As the family of each youth will receive \$25 a month from the government it means, said Mr. Herzog, that the city will be relieved of contributing that amount in money or work to the families who receive this monthly allotment.

BANK EXAMINERS SEND REPORT TO COMPTROLLER

The bank examiners who have been busy for the past ten days making a thorough examination of the condition of the National Ulster County Bank and Trust Co., completed their work Wednesday and their report has been forwarded to the comptroller in Washington.

To Observe Ladies' Night

Ladies' Night will be observed at the regular meeting of the Men's Club of the First Dutch Church, to be held Friday evening. A feature of the evening's program will be an address by Dr. Roland Will, Ph. D., head of the department of education of the New York State Normal School.

Tucker's Car Robbed

Philipp Tucker of 371 Broadway reported to police headquarters that some time during the night the windows of his Pierce Arrow car had been cut and the tool box on the running board broken open and the tools removed. A horn was also taken.

WISCONSIN GUARDSMEN PATROL MILK PICKET LINES

Milwaukee, May 18 (AP)—National Guardsmen in uniform and carrying rifles with bayonets fixed patrolled picket lines of Wisconsin milk strikers today to prevent violence as authorities prepared to open the entire state for the movement of dairy products.

Although full military equipment was issued, the guardsmen still acted as deputies under orders of sheriffs in the counties to which they have been assigned for duty.

Hitler's Speech Has Phinney Completes 25 Years as a Cop

Sergeant Charles Phinney began service as an ordinance officer on May 18, 1908—He is the oldest man in years of service on the force today.

Police Sergeant Charles Phinney today completes a quarter of a century as a member of Kingston's police department, having begun his services with the department as ordinance officer on May 18, 1908. He is the only member of the police force in active duty who has been a member of the department that length of time.

The office of ordinance officer, which was a special branch of the service created by the common council, was abolished about a year and a half later and Mr. Phinney became a patrolman, succeeding James E. McIntyre.

Walter P. Crane was mayor of the city at the time Sergeant Phinney was appointed and the members of the police board at that time were John R. Tammany, Ozzie F. Winne, Aaron Cohen and William D. Cashin. The late Stephen D. Hood was chief of the department. Following the death of Chief Hood, the present police chief, J. Allan Wood, was appointed, and assumed his duties about two months after Sergeant Phinney had assumed his duties as ordinance officer.

Sergeant Phinney after serving eight years as a patrolman was appointed sergeant on February 19, 1917, succeeding Thomas J. Peabody, who retired. The other police sergeant of the department is James V. Simpson who filled the vacancy caused by the retirement of the late Michael Cahill.

During the quarter of a century that Sergeant Phinney has served the city he has seen many changes in the department. A police signal system has been installed; the department motorized and a fingerprint department added. Recently the teletype machine has been added to the police department equipment.

When Sergeant Phinney became a member of the force there were but 16 men in the department. Today there are 34 patrolmen together with two sergeants and the chief of police.

Pessenaar Brings Suit Against Mohican Co.

It is worth about \$150 a month, in addition to board, to manage a hotel like the Pine Hill Arms, according to Joseph S. Pessenaar, who is suing the Mohican Co. for damages on account of injuries sustained when he struck his leg against a box near the entrance to the store on John street, September 1.

Mr. Pessenaar took the stand when the trial was resumed before Justice Staley and a jury in Supreme court this morning, and was examined at length by his attorney, Francis T. Murray. He testified that for about three weeks following the accident he was confined to his bed and for practically three months was unable to attend to his customary duties.

Asked by Mr. Murray who attended to the business after those three months, he answered, "There wasn't any business." Mr. Pessenaar said that after Labor Day all the help, with the exception of two or three, were discharged. The witness stated that the leg still pained him at times and that he still kept it bandaged.

Barnard Joy Wins 4-H Club Fellowship

Washington, May 18 (AP)—Barnard Joy of Ulster county, New York, was announced today by the extension service of the department of agriculture as one of the two winners of the National 4-H Club Fellowship for 1933-34.

The fellowships provide \$1,000 for nine months' study in the Department of Agriculture. The prizes are offered by the Payne Fund of New York city, an educational foundation.

Joy, born on an Oregon farm, has been employed for three years as county club agent of the 4-H Club in Ulster county.

TEXAS CATTLEMEN MAY RIDE TO THE RESCUE

Alpine, Tex., May 18 (AP)—If diplomatic negotiations fail to effect the release of two American ranchers held captive by Mexican outlaws, Texas cattlemen may ride to their rescue.

C. L. Hannold, father of one of the prisoners, Art Hannold, has delayed organizing an expedition of Big Bend cattlemen to cross the Rio Grande pending the outcome of governmental efforts. John Rollins, a cowboy employed on the Hannold Ranch near San Vicente, also is a prisoner.

Booster Supper at Hurley

There will be a booster supper held in the basement of the Hurley Reformed Church Friday evening, May 19, beginning at 8 o'clock, and continuing until all are served. The menu will consist of meat loaf, battered asparagus, mashed potatoes, gravy, celery and radishes, olives, rolls, coffee, fruit cup and cake. Proceeds will be for the benefit of the Hurley and North Marbletown Reformed Churches. Tickets are selling fast and a large crowd is anticipated.

Back Brothers Indicted

Barnstable, Mass., May 18 (AP)—Kenneth and Cyril Buck, Harwichport brothers, were indicted for kidnapping with intent to extort today by a special session of the Barnstable county grand jury which has been investigating the ransom abduction of 19 year old Margaret McMath.

Hurley Strawberry Festival

The strawberry festival which is to be given by the Hurley Parent-Teacher Association will take place on Friday evening, June 16, instead of May 26, as was previously announced.

Quick Murder Trial in County Court Now Drawing to a Close

Cross-Examination of Anton Baessler Was Concluded This Morning—Indication That Evidence Will Be In Before Adjournment This Afternoon—Baessler Appears Calm and Evidently Has Gotten Over His Nervousness.

The quick murder trial, which has been occupying the time of county court since April 17, is apparently drawing to a close. Cross examination of Anton Baessler was concluded this morning and shortly before noon he left the stand and Charles Jocelyn was sworn. There is every indication that the evidence will be in before the adjournment time this afternoon and with the summations and charges to the jury, one of Ulster county's longest criminal cases will be sent to the jury for final determination as to the guilt or innocence of Anton Baessler and Michael Conner, charged with murder, first degree, for the death of Uriah Quick.

Anton Baessler, 34, of Stamford, Conn., was indicted on January 22 at his home in Lehighardt. Mary Fish, indicted on a charge of murder, second degree, is the third member and has not been put to trial yet.

Baessler at the opening of court appeared calm and evidently had gotten over his nervousness which on Wednesday caused an adjournment of court for half an hour while he collected himself.

He said that he never took the black jack from Conner on January 22 at Quick's house and it was not until the return to the lunch room that he saw Conner washing the black off at the kitchen sink and he then took it away from Conner and hid it. At the time he entered the Quick house on the evening of January 22 and saw Conner strike Quick with the jack he took hold of Conner's arm to prevent further attack but he did not take the implement away.

When he and Mamie Fish first entered the kitchen after their trip to the garage and when he heard a "rumpus" going on in the house, he said he pushed Mamie back and stayed in the kitchen a minute or so before he went in and pulled Mike away from Quick. He saw about three or four blows struck. He said he could not recall telling Mike to stop hitting Quick. He told Mamie to stay in the kitchen while he stopped Mike. The only move he saw Quick make was to put his hand up to protect his face when he first looked in the dining room. When he entered Quick was flat on the floor.

"You took no part in the act and did not help Mike at any time," said Mr. Murray. The witness said he had not.

Then Mr. Murray asked him if he had not helped clean up the place after Quick had been struck and that if he had not helped drag Quick out and put his head on the first step of the stairs leading to the cellar and if he had not opened the cellar door and took pots and pans and racks out of the house after it had been cleaned up and hid them in the woods. He said he had done those things.

He also said he took a pail of bloody water out and emptied it on the grass and Mamie Fish had told him that he should not do it because it would stain the grass.

Asked about his trip to Stamford when he said he had brought back a dog. That was the dog which had been in his house the night the Troopers and others came and arrested him. No one had given him the dog. When he left Stamford no one seemed to be about and the hotel was not open.

Baessler said in reply to Mr. Murray's questions that he could recall details which happened on the evening of January 22 very well. He had no difficulty in recalling what had happened there that day at Quick's. He said he opened the right cellar door and Mike stood against the house when he shoved Quick's body down the steps. Baessler said he stood opposite.

He said he had not gone through Mettacahtons and Pataunkunk on January 22 as he had testified to on direct examination.

Asked if he and Conner had not always been on good terms he said they had and "Conner and I are on good terms yet, I think."

Denies Trouble With Quick

Baessler denied any argument or trouble with Quick. He said that Quick had said on January 22 before he went back to Kerhonkson for Mike that Quick had been suspicious of his visits to Kingston with Mamie Fish and had said he would make an investigation when Mrs. Baessler came home from the hospital to see if Baessler and Mamie had gone to the hospital every Sunday as they said.

He said he could not recall the time when Herman Wood was introduced to Mamie Fish and of saying to be nice to him as he was his "meat ticket." Baessler said he had told the Troopers that the two guns found at his garage were his but he did not tell them he put the guns under the floor.

Mr. Baessler denied that he had ever told Mamie Fish while Mrs. Baessler was in the hospital that he and Mrs. Baessler, probably would

Mr. Baessler was permitted to go after a few questions by Mr. Murray and Charles Jocelyn was called.

Charles Jocelyn Now Stand

Jocelyn said he had known Baessler 7 or 8 years and Conner over a year. He lives in Kerhonkson. Mr. Jocelyn said the large gun he carried in the Spanish-American War of which war he was a veteran, it had been with him since 1900.

Mr. Baessler said he had been in the hospital every Sunday as they said.

Rev. Thielpape Guest Preacher at Hurley

On Sunday, May 22, the Rev. Theophilus H. Thielpape of Newark, N. J., will preach in the Hurley pulpit. Mr. Thielpape graduated from Rutgers University in 1924, from Union Theological Seminary in 1927, and was ordained in June, 1927. The Hurley Church has long observed the custom of inviting one of its "young" boys back annually to preach the pulpit. The sermon topic is "The Challenge of the Cross." Mr. Thielpape was student pastor of the New York Avenue Reformed Church of Newark for three years, and has completed his first year's work as assistant pastor of the large North Reformed Church of the same city.

Holy Cross Auxiliary.

The annual meeting for the election of officers of the Holy Cross Church branch of the Woman's Auxiliary will take place at 2 p. m. on Thursday, May 19, in the parish house. Sharkey; and united thank offering treasurer, Miss Jessie B. Tappen. All members are urged to be present.

HAS SITTING BULL'S OWN STORY OF LIFE

Museum Claims Hieroglyphs Bear His Signature.

Washington, D. C.—Curators' documents relating to Sitting Bull, the celebrated chief who generally is held responsible for the so-called "Custer massacre," are being studied by the bureau of American ethnology of the Smithsonian Institution.

The story of this colorful Indian leader is now arousing exceptional interest in Europe. Numerous inquiries have lately been received from France, England, and Germany.

The bureau has one manuscript which bears strong internal evidence of being an original and hitherto unknown hieroglyphic autobiography prepared by Sitting Bull himself. Matthew W. Stirling, chief of the bureau, is now investigating the authenticity of this manuscript which, if it actually was prepared by the chief, shows him to have been a skillful artist.

Autobiography in Pictures.

It is well known that the great Sioux leader wished to leave an authentic story of his life. Shortly after the Civil war he prepared his first "autobiography" in pictures. He could not write his name at this time but authenticated each drawing with his hieroglyphic signature, a conventionalized picture of a sitting bull. He gave the original manuscript to his brother, Jumping Bull, who—as the story reaches Mr. Stirling—allowed two copies to be made of it by an Indian named Four Horns.

The bureau of American ethnology has one of these reputed copies. The other is believed to have been destroyed in the San Francisco fire. No trace ever has been found of the original. The copy owned by the Smithsonian is mounted on sheets of a 1908 muster roll of the Thirty-first Infantry regiment and evidently was made for one of its officers. It consists of 55 pictures, each illustrating some incident in Sitting Bull's life from his first fight to his leadership of the Band of Strong Hearts.

The bureau also has Sitting Bull's own interpretation of these pictures, given to Rev. J. C. Williamson, a missionary, in which he vouched that all but a few of them were copies of his originals. He believed at that time that Jumping Bull had interpolated a few incidents out of his own life.

Sitting Bull's "Coups."

The character of the man himself stands out in these pictures. Nearly all of them relate to personal combats with Crow or Gros Ventre Indians or white soldiers. Many of these fights ended with the scalp of his opponent hanging from Sitting Bull's saddle. But he was even prouder of his "coups" than of the scalps he had taken. His object was to touch the enemy with his "coup stick" and get away. In accord with the tradition of his people, this life of constant killing and scalping was a game for Sitting Bull and every "coup" added one to his score. He esteemed a "coup" about as much as a scalp.

It is as an object of comparison that the bureau's manuscript stands out. It bears the date of 1882. Instead of the hieroglyphic signature the pictures bear the written signature of Sitting Bull—a peculiar, child-like scrawl. It has been verified that before 1882 Sitting Bull had learned to write his name and was rather proud of the accomplishment.

Specimens of the old chief's signature have been preserved. Comparison with the signatures on the drawings shows that if the latter are forgeries they are very clever ones—reproducing minute mannerisms. But, asks Mr. Stirling, why should anybody have gone to such trouble to forge the name of Sitting Bull in 1882? At that time he was "just another Indian." It would have been a very far-sighted person who could have predicted that some day an authentic autobiography by him would constitute an almost priceless historical document. On the whole, it is believed, the evidence points to the authenticity of the newly discovered document.

Nuisance May Become

Source of New Industry
Minneapolis, Minn.—The aspen growth of the Northwest, hitherto regarded as a nuisance by farmers, may become the source of a new industry and give Minnesota a new source of income.

Experiments conducted at the University of Minnesota under the auspices of Ralph E. Montross, associate professor of chemistry, show that a high grade of alpha cellulose can be made from the aspen. Alpha cellulose is used in the manufacture of cellophane and rayon fabric.

The research was conducted as part of the rehabilitation program instituted last summer by Louis D. Coffman, president of the University of Minnesota.

5 Local Speakers At Rotary Session

Proof that local talent is plentiful and excellent was clearly demonstrated at the mid-week Rotary meeting Wednesday noon when five members of the local service club were called upon for avocational talks. This entertainment feature, partly planned and partly extemporaneous, was ably handled by Vincent Gorman, Everett Fessenden, David Burgevin, S. M. Watts and Frank Flanagan.

Mr. Gorman, the first of the quintet to speak, talked for a short time on the Kingston City Library in which he is interested as a trustee. Mr. Gorman praised the work of the library administration, and asked that the members of the Kingston Rotary Club take a greater interest in the advantages that the library offers.

Mr. Fessenden talked on behalf of the Board of Public Works, and as a Commissioner on that Board for eight years, reviewed its activities and problems in an interesting manner. The duties and difficulties of this important branch of the city administration were brought to light in the course of the speaker's discussion, and following his talk Mr. Fessenden called upon Mr. Burgevin, Mr. Watts and Mr. Flanagan to speak as present and former members of this same board. All three of these speakers gave brief talks on the problems confronting them during their years of public service on the board.

There was one guest present at the meeting, Charles Mansfield of New York city.

Automobile Engineers have unanimously agreed that the cooling systems of all automobiles should be thoroughly flushed and cleaned at least twice a year, to remove the sludge, rust, grease, etc., that clogs and insulates the entire cooling system, which is primarily the cause of over-heating and other motor troubles.

To take care of this type of work we are now using a special chemical compound which is guaranteed to remove any accumulations that may be in the radiator or engine block.

OF ONE PIE A DAY
FOR 36 YEARS

Pigs come in many color combinations—solid colors, stripes, spots, and mottled—but in the striped variety the orthodox way for stripes to run is around the middle, as in the case of the belted Poland China. The pig owned by James McKinney, Fresno, Cal., however, is a unique model—his stripes run lengthwise, like those of a skunk.

Advertisement Form For Beer Retailers

Albany, N. Y., May 14 (AP)—Various forms to be used by beer retailers and wholesalers in making the required newspaper advertisement when obtaining state licenses to do business were made public today by the Alcoholic Beverage Control Board.

Under the state law such individuals or concerns must publish a short notice once a week for two weeks in a daily or weekly newspaper in the community where they do business. An exception is made in the case of New York, Kings, Bronx or Queens counties, where the notice must be published once a week for two successive weeks in two daily newspapers.

An example of the notice is that provided for retailers who sell beer to be consumed on the premises. It follows:

"Notice is hereby given that license number (fill in license number) has been issued to the undersigned to sell beer and wine at retail, under section 75 of the alcoholic beverage control law at (fill in street address, city, town or village and county in which said licensed premises are located), to be consumed upon the said premises."

Keeping Within the Letter Of the Please-Don't Dress-Law

New York—We might have suspected that the success of the light above the waist costume would result in the light-above waist type of the most engaging ensemble of the spring has a printed dress over which to wear a coat, the top section of which repeats the print, and the lower section of which is cloth.

Something to remember about this new fashion is that it turns up everywhere. It is not necessarily a dress-up sort of costume or a sports or an evening idea. It fits into the picture no matter what the frame and what the fabric. The idea is repeated in cottons, in wools and in silks. Just figure out all the combinations possible using two out of the three.

Making white the exception to this blanket statement, colors are growing warmer with the weather. Why it is that once summer comes all the brightest, warmest-looking colors come too. There is a great abundance of red and of all the pinks up and down the scale. There are yellows vivid as the sunshine itself and greens that are just too green for words, not to mention bright shades of any color imaginable. These are usually toned down by white, either white accessories or white in some form or other.

It's a neat trick to have a black skirted frock with jacket to match, and the giddiest sort of a top to one's dress. It is often quite backless and transparent too. Such a costume is an answer to prayer for the girl who loves to dress up but who has a boy friend who keeps asking her not to dress as he is going straight from the office. Since men are like that—and getting more and more so, it is naturally just up to designers to cope with them. The dressy above-and-under-the-jacket-dress does the trick.

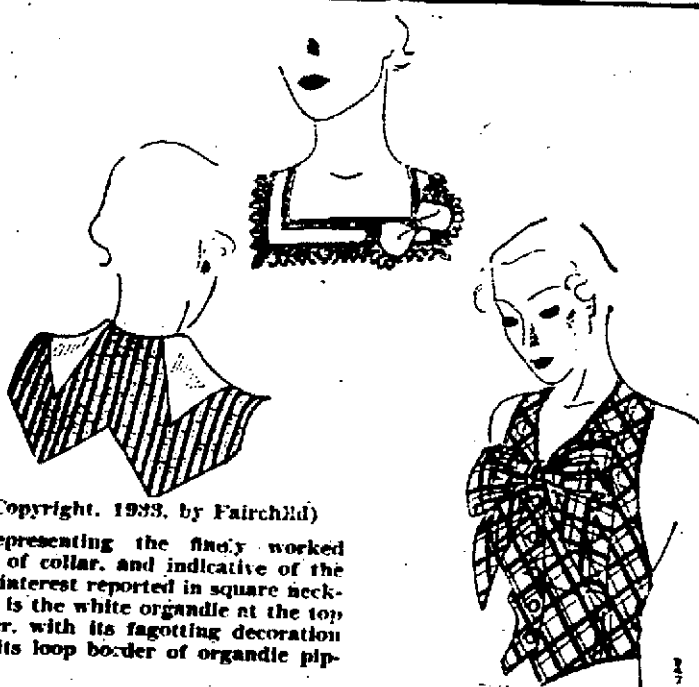

WHITE SPICED WITH RED

An all-white one-piece frock has inverted points in the short sleeves and seaming for slenderness. The novelty belt is a woven cotton and red patent leather alliance.

Fashion Hangs by the Neck

(Copyright, 1933, by Fairchild)

Representing the finely worked type of collar, and indicative of the new interest reported in square necklines is the white organdie at the top center, with its fagotting decoration and its loop border of organdie pipings.

The sailor collar, also cited as a vesters which this firm is featuring growing theme, is shown in white fitted at the waistline, buttoned down plique and red-striped white—seer—the front, and trimmed with a dash-sucker at the left, the plique poised ing self how. This one is done in in joints over the under collar. At black and red on a white ground and the right, one of the plaid organdie and the buttons are metal.

DID YOU KNOW THAT Gray Flannels Carry On

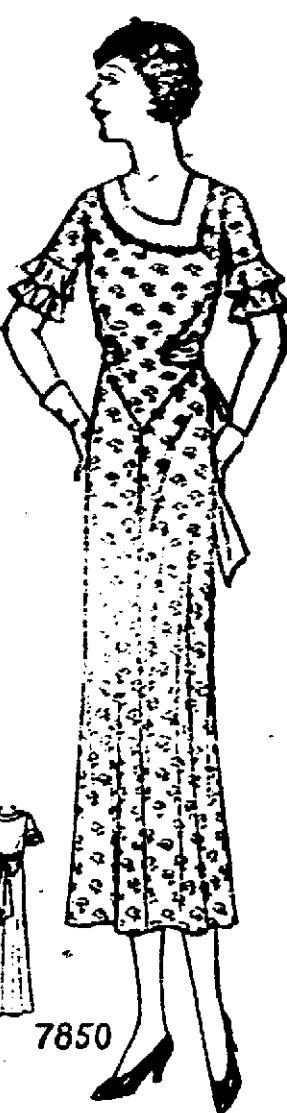

Some of the most striking costumes approve the coat in swaggar length, with contrast between coat and dress important, as worn with monotone frocks, and tie-silks are used for coats striped satin coats make most attractive compliments for satin gowns, the dress agreeing with the stripe or the background color.

Pinks are up and coming. Coral has already proven a favorite shade in corded or ribbed cottons.

Gray Flannels Carry On

Paris—The season is starting with gray flannel at the golf clubs around Paris, this merely the continuance of a fashion at least a year old; navy, another old favorite, is also back on the fairway with spring sunshine. Newer than these is a sudden and generous interest in checks and plaids in the beige and brown gamut, and manifestations of organgey tones, including lacquer red, vivid terra cotta, tangerine, for sweaters, jackets, scarfs with more neutral beige or dark costumes.

A Washington Daybook

By HERBERT PLUMMER
WASHINGTON — Important reports and reiterated beliefs that war debts will play an important part in the forthcoming world economic conference at London have given rise to interesting speculation in Washington political circles.

Ramsay MacDonald upon his return to Great Britain from discussions here with President Roosevelt told the house of commons that HERBERT PLUMMER success of the conference depends on concurrent war debt negotiations. France, with a payment due the United States on June 15, is reported as urging such debt discussions warmly.

The question then arises, if the debt question is to be gone into at London, will provisional powers for Mr. Roosevelt be necessary, during the time that congress is in recess, and if so, will congress consent to give him such powers?

The London conference promises to be a long and drawn-out affair. Some have estimated that it will last at least six months. Congress is certain to be in adjournment most of this time.

No Simple Matter

With opinion abroad as it is on this question and in the face of the known attitude of the senate and

house on debts in general, the whole thing is decidedly delicate.

The problems involved cannot be solved by men merely sitting down together and working out a proposition which seems to them reasonable and just. The important question, "What do the people back home think of this?" inevitably arises.

This appears the principal reason that war debts haven't gone far to date in the discussion stage in Washington. There have been some, of course, who have indicated that drastic readjustments will have to be made. But usually when it came to a showdown they voted otherwise.

President Hoover's failure to have the debt commission recreated late in 1931 was a weather vane.

Things Have Changed

But the situation is far different now. President Roosevelt has been given powers by congress which a year ago were undreamed of. The emergency banking act, the farm bill with the inflation amendment, and the economy act—to mention only a few—have bestowed upon him vast permissive authority.

Congress has put into his hands the weapons to do what it is admitted they were unable or unwilling to do. Will they be willing to put the debt question into his hands?

Whatever he might do would, in the end, have to be approved by congress. But with provisional powers he might at least have a chance at reaching a workable agreement on the question. Congress could reserve the right to approve or reject later on.

HUGUENOT REMEMBRANCE DAY WILL BE CELEBRATED

The tenth annual Huguenot Day of Remembrance will be observed at 3 p. m. Sunday, May 21, at the Memorial Church of the Huguenots, Staten Island. This church is located on the Amboy Road, at Huguenot avenue, Huguenot Park. It is a national shrine to the Huguenot founders of America and their notable descendants.

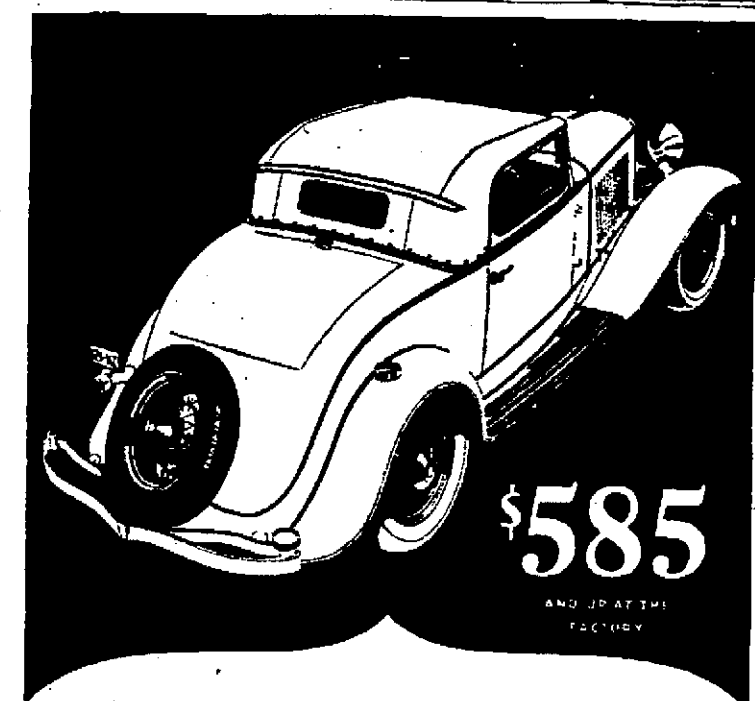

The speaker of the day will be the Rev. John A. Maynard, D. D., rector of L'Eglise du St. Esprit, the historic French Huguenot Church of Manhattan.

During the service gifts will be announced. There will be gatherings of Huguenot family groups, and an informal reception at the close of the afternoon program.

The service is sponsored by the Huguenot Memorial Association, which is developing the plans for the National Huguenot Memorial.

The association also publishes The Huguenot, which is now the official publication of the Federation of Huguenot Societies in America.

A general invitation is extended to all who are interested in the Huguenot tradition and the making of the nation.

MONTGOMERY WARD

OLIVE BRIDGE.

Olive Bridge, May 13.—The Crusaders Society will hold its next meeting in the M. E. Parsonage. Mrs. Lockett will give the topic on "What parts of the World are Still Without Christ." Meeting will start promptly at 8:30. Choir practice will be held from 7:30 to 8:30.

Many local people attended the 4-H Rally Day entertainment held at the new armory in Kingston Saturday evening, May 13. The many clubs in attendance made a very good appearance and showed much hard work had been done by themselves and their local leaders.

Mothers' Day was observed in the M. E. Church on Sunday, May 14. There were appropriate hymns with words dedicated to Mothers, familiar songs, a duet and a very interesting sermon by the Rev. Mr. Lockett. The many friends of Mr. and Mrs. Le-grande Bishop now of Kingston,

were glad to see them at this service.

Friends of Mrs. J. V. Merrinew of Kingston will be glad to learn that she is recovering from a severe attack of jaundice.

Sam Fromm is having a fence built around his residence which adds to its attractiveness. Edwin Gessner and William Beesmer are doing the work.

The annual meeting of the Ladies Aid Society was held at the parsonage on May 10. Those holding office at that time were re-elected for the coming year.

Ray Davis purchased a calf of Victor Beesmer of Samsonville one day last week.

Mrs. Reginald Davis and daughters, Evelyn and Phyllis visited Mrs. Davis' mother, Mrs. Jennie Myers on Sunday.

Earl Van Etten of Kingston, the Ever Ready oil burner agent, has sold to Mrs. E. Mitchell two burners one

a hot water heater and the other for cooking stove.

John W. Wager was out Sunday afternoon with his horse and buggy.

Mr. and Mrs. Floyd V. Davis have received their baby chicks from Tillson parties.

Mr. and Mrs. Charley Smith of Mt. Vernon have been spending a few days at their farm in this place.

Mr. and Mrs. Peter L. Davis and daughter, Roberta E., entertained callers on Sunday evening.

Mr. and Mrs. Fredwood Christiansa of Circleville called on Mr. and Mrs. Rufus Lyons Sunday.

Mr. and Mrs. James B. Davis and laughter and mother called on Mr.

and Mrs. Floyd V. Davis Monday evening.

A few from this place visited Kingston Wednesday afternoon.

Dance at Cottickill.
The Cottickill Volunteer Fire Company will hold another of its popular old fashioned and modern dances in the fire house Wednesday evening, May 24. Music will be furnished by "Floyd and Mike." Dancing will be from 9 to 1 o'clock. Proceeds will apply "on purchase price of a motorized chemical outfit for the company. The public is cordially invited.

Sign of Superiority
"A superior intelligence," said Mr. Ho, the sage of Chinatown, "is shown by deference to an inferior intelligence that has power and comes well."—Washington Post.

A new species of black bass—the *Micropterus pseudoharengus*—has been classified in streams of Louisiana, Mississippi, Alabama, Tennessee and Georgia.

COMING To End RUPTURE Troubles

Representatives of W. S. Blue, Adams, N. Y., originator of the new method of treatment of rupture at home, will be at the Kingston Hotel, Kingston, N. Y., Friday, May 19, and at the World Hotel, Hudson, N. Y., Saturday, May 20, to give a personal and free trial of his method to all sufferers who want to end rupture trouble and strain wearing.

No matter how bad the rupture, how long you have had it, or how hard to hold, no matter how many kinds of trusses you have worn, by nothing prevent you from getting this FREE TRIAL. Whether you are tall and thin, short and stout, have a large abdomen, whether you think you are past help or have a rupture as large as your fist, this marvelous method will so control and keep it up inside as to surprise you. It will so restore the parts where the rupture comes through that soon you will be as free to work at any occupation as though you had never been ruptured.

The trial will be absolutely complete and thorough without a penny of cost. You owe it to your own personal comfort and safety not to miss the great free demonstration. It is a real opportunity to learn how you may be done with chronic trusses and the danger, suffering and trouble your rupture has caused.

The hours are 10 to 12 a. m., 2 to 5 p. m. and evenings 7 to 9. Remember the date and place, Kingston Hotel, Kingston, N. Y.—Advt.

Taste the difference . . .
this Mayonnaise has
FLAVOR

- Flavor that appeals to men, women and children alike
- Flavor that makes potato salad or cold slaw taste just right
- Flavor that brightens the taste of sea food and meats
- Flavor that takes the harsh "edge" from tart fruits and vegetables
- Flavor that combines deliciously with sandwich-filling
- Flavor that gives Tartar sauce and Russian dressing new goodness

ALL ready-made mayonnaises are not alike, as you'll very soon discover when you try Ivanhoe. At the first taste you'll recognize the same creamy richness, the same certain piquancy and flavor you enjoy in the home-made kind.

The way we develop this Ivanhoe flavor, too, will remind you of home. The finest seasonings, nicely balanced to give subtle relish without intruding their native harshness. Extra egg-yolks, to make Ivanhoe unusually rich and creamy. Finally, a unique method of beating that unites all ingredients in a blend and consistency no other mayonnaise can equal.

Try this enticing mayonnaise today. It comes to you with all its original fresh creamy goodness guarded by the red Ivanhoe seal of protection. And notice that this jar, when empty, is ideal to use at preserving-time. Sold at good grocers in quarts and pints. Ivanhoe Foods Inc., Auburn, New York.

Kingston: "The Animal Kingdom"
A brilliant, scientific drama, sophisticated, realistic and cleverly done. It has won high praise from all the critics, and is one of the few motion pictures the majority of people would like to see more than once. Leslie Howard, Ann Harding, Myrna Loy, William Gargan, Neil Hamilton and Henry Stephenson are all perfectly cast in parts that give their talents full opportunity of expression. It's the human story of a young publisher, in love with a girl who is a talented illustrator. Both have their work to consider, but both need one another's help and encouragement. Another girl enters the picture, and she lures the publisher away from the other girl. It all turns out satisfactorily in the end, after some of the most perfect acting and finest dialogue ever seen and heard in a talkie. Ann Harding as the girl illustrator is splendid. Myrna Loy as the unscrupulous other woman almost steals the show, and Leslie Howard is at his best as the publisher. And William Gargan in the role of an ex-prize fighter turned butler is grand. Something not to miss.

Orpheum: "Chanda the Magician"
Number one is the story of a master magician, played by Edmund Lowe. It is thrilling melodrama, and hasn't a dull moment. A fine supporting

cast makes the play the more enjoyable. "Women Won't Tell" co-stars Orla Harlan and Sarah Padden.

Broadway: "Blondie Johnson"
Joan Blondell and Chester Morris prove an ideal combination in this hilarious melodrama that moves along briskly from start to finish. It's the story of a boy and girl, engaged in racketeering as a business venture, and how they build up a paying business only to have the boy turn Park Avenue when the money starts rolling in. Not only is the play exciting and well acted, but there are also some comedy spots worth seeing.

Tomorrow

Kingston: Same.
Orpheum: "Hat Check Girl"
The real attraction of this double feature offering with Ben Lyon and Sally Eilers in featured roles, and supporting them are Ginger Rogers and Monroe Gray in a modern and romantic story of big city life. "Trailing North" with Bob Steele is an average western talkie.

NEW PALTZ

New Paltz, May 18.—Mr. and Mrs. Eltinge Harp entertained Mr. and Mrs. Herman Powell and Mr. Albert Powell of Schenectady Wednesday.

Barbara Shipman of Brooklyn has been spending a few days with her grandparents, Mr. and Mrs. Perry Deyo, on Plattkill avenue.

Miss Ethel Marx and Miss Sara Deyo were visitors in Kingston last week.

John Hardekoff, Robert Burnett and wife of Ridgewood, N. J., were week-end guests of Mr. and Mrs. Warren Tamney and family.

Mrs. Washington of the Plutarch road attended the services in the Methodist church on Sunday morning, May 14.

Mrs. Eltinge Harp is spending a few days with her sister in Schenectady, and also with her classmate, Mrs. A. I. Aklin, in Syracuse.

Mrs. Flora Nabor, Miss Gertrude Kopinski, and Barbara Jensen of Plattkill attended the teachers' conference in town on Friday.

Mr. and Mrs. Herbert Carpenter visited friends in Ellenville on Sunday.

Mrs. Webb Kniffen has returned from a short visit to Newburgh.

Miss Jeanette Van Arendonk spent the week-end in New Hurley.

Irring C. Barnes of New Paltz was re-elected president of the Ulster County Grange Masters and Lecturers Association at a meeting in the Milton Grange Hall on Wednesday. There were 50 in attendance.

Miss Ruth Smith of the Normal has been engaged to teach in the Searsville district near Montgomery next fall.

Corporal Norman Baker, who has been ill with measles, is very much improved.

Mrs. Clarence Place of Poughkeepsie has been visiting her parents, Mr. and Mrs. Jacob Clearwater.

Mabel Boyce, daughter of Mr. and Mrs. C. H. Boyce of the New Paltz and Highland Road, underwent an operation for mastoiditis in St. Luke's Hospital, Newburgh the past week.

The Boy Scouts held their first out of door meeting of the season on Monday night. There were games and various tests for advancement.

E. Pelham, Danny Bollen, Harry Kniffen, Robert Curtis, Edward Schmalkauche, Charles VanAlst and "Smithy" passed the knife and hatchet test. They were examined and guided by Officers Dubois, Pace and Darbee. Francis Hasbrouck and Worth Buchanan built and tended a fire. Semaphore signaling was demonstrated by C. Collis. He received the passing grade from Hubert DuBois. At the close there was a campfire talk by Committeeman Kavan and refreshments followed. There were 25 scouts, one committeeman and three officers present.

Ulster County Sixth IN ASPARAGUS PRODUCTION

According to the recent census Ulster county ranks sixth in the total acreage of asparagus. Of the 55 agricultural counties only Albany, Suffolk, Ontario, Monroe and Onondaga have a larger acreage than Ulster. Since the 1930 census has been taken, numerous rather large plantings of asparagus have been made in the county and in all probability it holds a still higher rank at present. The Farm Bureau suggests that all consumers ask for home-grown asparagus during the present period of high production. Large quantities are sold locally, but the bulk is shipped to the Boston and New York markets.

SCOUTS TO ANNOUNCE

NEW GASOLINE SHORTLY

Newspapers will be used in the largest campaign ever undertaken by the Standard Oil Company of New York, for introducing a new gasoline which will be announced in a few days. This new gasoline, according to Standard officials, is the result of long study and experimentation.

"The new gasoline," says F. J. Holman, district manager, "has an exclusive feature which gives it the

highest stable level of performance under all conditions, hot, cold, high or low. Extensive tests, both in the laboratory and in the field under extremes of temperature, have proved this feature. In addition, the refiners, through a new process, have put into the gasoline a higher antiknock rating than has ever before been attained in a gasoline that sells for the regular price."

The introduction of this new gasoline has been timed with the opening of the driving season, and comes in time for the heavy travel over the Memorial Day holiday.

HOW SHE LOST 29 POUNDS IN 3 MONTHS

"I am using your Kruschen Salts to reduce and I've used a bottle and a half and I've lost 29 pounds in 3 months. I feel so much better and intend to keep on taking the salts as I was almost 30 pounds overweight." Mrs. Thomas, Gravelly, Knoxville, Calif. (June 11, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A fat that lasts 4 weeks costs but a little. Kruschen Salts is the world's best way to reduce wide hips, prominent front and double chin and again feel the joy of being—money back if dissatisfied after the first jar.—Advt.

'Century Of Progress' To Go On Parade As Roosevelt Opens Chicago Fair May 27

The Chicago world's fair, all set to go at its formal opening May 27 by President Roosevelt, will put in colorful review the pageantry and panorama of a century's progress in varied lines since the incorporation of the frontier settlement of Chicago in 1837. Costly exhibits will show advances in science, industry, transportation and all phases of civilization over this hundred-year span—and since recorded progress began.

The architecturally striking Hall of Science on the left is one of the exposition buildings that will stir with new life on opening day. Another is the Travel and Transport building at the right, with its novel method of roof suspension. In the center is a group of electrical buildings on man-made Northern Island. Estimated total cost of the exposition on the Lake Michigan shore is \$25,000,000.

WILLOW

Willow, May 15—Mother's Day services were held at the Methodist Episcopal Church here at two o'clock on Sunday, May 14. There was special music by the choir and an interesting sermon by the pastor, the Rev. Orson Rice.

At the annual school meeting held in the Willow schoolhouse on the evening of May 13, the following school officers were re-elected: Louis R. Lane, clerk; Max Georgi, collector; Mrs. Walter Jessop, trustee. It was again voted to pay transportation of high school pupils to Kingston High School.

Friends of Mrs. Otto H. Drescher of Mt. Tremper will be sorry to learn that she is again a patient at the M. E. Hospital in Brooklyn. Friends hope that she will soon be restored to health and able to return to her home.

Mr. and Mrs. W. H. F. Van Natten of Richmond Parkway, Kingston, their son, Wesley, and daughter, Grace, were guests at the home of Mr. and Mrs. Walter Jessop on Sunday afternoon and evening.

Mr. and Mrs. Aubrey Stoutenburgh of Kingston and Spencer Stoutenburgh of Byrdcliffe, spent Sunday with Mrs. Stoutenburgh's parents, Mr. and Mrs. Eugene Wilber.

The Choral Club met at the home of Mr. and Mrs. Grover Lane on Tuesday evening.

RIFTON

Rifton, May 15—Mr. and Mrs.

Gerald Melvin, who have been spending the last few weeks at the home of Mrs. Baile, have returned to the city but expect to be back in Rifton about Memorial Day.

Mr. Melvin, who recently purchased the store of the late S. Aronstam, now has the store open for business under the able direction of his brother-in-law, Ward Walsh. During their stay here in Rifton, Mr. Melvin and his bride were joyously entertained at the homes of Mrs. Aronstam, Mrs. Bailey, Mrs. May and several others and all will be glad to welcome them as permanent residents upon their return to the city, at which time Mr. Melvin will take full charge of the store.

Mr. and Mrs. C. Grozinger are spending a few weeks at their home here.

Mr. and Mrs. M. Sperling are spending a few days at the home of Mr. and Mrs. C. Hagedorn.

Charles Schikler was here over the week-end with his family.

Mrs. E. Herter is spending a few weeks at the home of Mrs. Vonderleith.

To Give Play Friday

On Friday evening, May 19, the High Falls and Allgerville Young People's Club will present a delightful comedy entitled "The Colonel's Maid," under the auspices of the Lonsville Young People's Club. The play begins at 8 o'clock standard time.

CREEK LOCKS

Creek Locks, May 15—Fred Shulhof of Paterson, N. J. spent several days with his brother's family, Mr. and Mrs. Sigmund Shulhof, this past week.

Mr. and Mrs. Harry Melos and Mr. and Mrs. Albert Jaquin motored to Freeport, L. I., on Sunday and spent the day with friends.

Mr. and Mrs. John Maschino are entertaining their mothers, Mrs. J. Maschino and Mrs. P. Mueller of New York City.

Miss Bessie Reilly of Bloomington spent Wednesday with Mrs. Anna Walsh.

Daniel Dugan, Sr., of Bayonne, N. J., paid a brief visit to his house here on Monday.

Neighbors and friends are glad to see Mrs. Edmund Dession home again after an absence of four months. She looks fine after undergoing a major operation in the Methodist Hospital in Brooklyn.

Arbor Day was celebrated at the Creek Locks school by the pupils planting two Norway Spruce trees, a gift of the Parent-Teacher Association, and the girls are making a fine rock garden. The school grounds are very attractive.

Mrs. Martha Weimar was the guest of Mrs. Gus Trolitzsh and Mrs. Barbara Ellenberg of Kingston on Thursday.

Mr. and Mrs. Raymond Ackert, his brother, and Miss Jessie Uter were Kingston shoppers on Thursday.

Mr. and Mrs. Richard Bomhouwer and family have rented the lower part of the old Deegan home. They expect to move in by the end of the month.

John Maschino proved himself an expert lumberjack in cutting down a fine old catalpa tree on the Brophy property.

Mr. and Mrs. Arthur Le Pan and children, Norma, Doris, Arthur and baby, Donald Deegan Le Pan, of Poughkeepsie, spent Saturday at their home here, getting it in readiness for the new tenants.

Edwin Le Pever, his hired man, Lou Du Bois, and George Brown are kept pretty busy plowing for the neighbors.

Mrs. Elizabeth Lowery, who spends the winter at her home in Ossining, has opened her summer home and will spend the summer here.

Mrs. Thomas Graham is confined to her bed with an attack of measles. She is under the care of Dr. Rymph.

Miss Dorothy Eri of Kerkonkson spent the week-end with her father, George Eri.

"Buddy" Clearwater and a party of young people of Kingston were callers in this place Sunday afternoon.

Jacob Weimar was a business caller in Kingston on Monday.

Miss Nellie Regan of Kingston spent the week-end at her home here.

Miss Marguerite Randerger, Miss Evelyn Krum and Kenneth Randerger of Bloomington were callers in Creek Locks Sunday afternoon.

A jolly time was held on Sunday, May 7, at the home of Mr. and Mrs. John Maschino, the occasion being the first birthday of their little son, John, Jr. After a pleasant evening the guests enjoyed a delicious luncheon and wished little John many more happy birthdays. Among the guests were Mr. and Mrs. William Engleman, Mr. and Mrs. Baumcifer, Mrs. J. Maschino, Sr., Mrs. P. Mueller and the host and hostess, Mr. and Mrs. John Maschino.

Feet Ache
or Burn?

Maybe you're walking in a trough! By that we mean maybe you're wearing shoes which aren't flat.

Nature intended you to walk flat on the ground. Civilization demands shoes. If they're not built right—if they're "rockers," your feet will ache and burn.

Wear Wilbur Cooon Shoes, properly fitted by a competent footman and know what real foot comfort really means!

PILES GONE IN 20 DAYS

After Suffering 20 Years

This Pittsburgh man bought a bottle of Hem-Roid (tablets to swallow). He put it with the distinct understanding that if this one bottle did not prove to him that his piles would vanish he could have his money back.
You can get the same fair and square guarantee from McBride Drug Stores, any live druggist—just read what this Pittsburgh man wrote: "After suffering 20 years—I took one bottle of Hem-Roid tablets and my pile trouble has entirely disappeared." (Name on request).—Aust.

Flashes of Life Sketched in Brief

By The Associated Press

Jackson, Miss., May 14 (AP).—The governor's mansion was in a turmoil. Governor Martin Sennett Conner paced the floor nervously and made frequent telephone calls.

Mrs. Conner had gone fishing at Meridian and was late in coming home. The chief executive was distinctly worried.

Finally, several hours later, Mrs. Conner returned.

Miss Lena Brock, secretary to the governor and Mrs. Conner's companion on the fishing expedition, explained: "Mrs. Conner just couldn't pull them out as fast as they'd bite. We never did get her away until dark."

Family Quarrel Looms.
Llano, Texas.—Bill Scott has two quail laying in nests with two bantam hens. One nest contains eight quail and four bantam eggs; the other, eleven quail and eight bantam. A bantam has assumed the hatching of the latter.

Local students of feathered mother love are watching for the selection of species later on.

Back Into Soup.

New York.—Magistrate Sabbatino said to a wife who accused her husband of calling names:

"Give him a vacation. Stay away for a while, then perhaps you will be peering around the corner looking for him. You women are all alike—you always go right back into the soup again."

Mother-in-Law Court.

Detroit.—Brought into court on a charge of owing his landlady, Mrs. Fannie Sullinger, \$40 for board and room, James Grimm stood up with a broad smile on his face.

"I put one over on her," he said. "I married her daughter last night."

The daughter, Sadie, verified the marriage.

"The fact remains," said Judge Gerald Groat, "that you have not disproved your owe Mrs. Sullinger \$40. I now will give your mother-in-law a judgment for that amount."

"We aren't worried," said James and Sadie.

Not Fox, May Be?

Kansas City.—Red jacketed members of the Thomas Jefferson Hunt Club rode furiously up to the "kill." L. C. Johnson, director of the Kansas City fire department and master of hounds, dismounted to "save the brush." He ran up to the pack of hounds—and backed rapidly away. A cleaning establishment refused his riding habit, suggesting he bury it for two weeks.

Back Seat Record.

Fairmont, W. Va.—Back seat drivers may now sit a little farther back to make room for John Poling, who is suing his wife for \$25,000, claiming he was injured in an Alabama auto accident while Mrs. Poling was driving.

A Jumping Jury.

Chicago.—Peter Korolis, 26, literally swept a jury off its feet—not by his testimony from the witness chair—but by his driving of a police car. Korolis got in and attempted to drive away. He sent members of a jury returning from lunch scurrying for cover and collided with two other cars before he was arrested.

Go West? "No, Stay Put."

New York.—Horace Greeley's advice is passé just now, says Cleveland E. Dodge, and the young man, instead of roaming should stay home and study. Dodge, head of the New York City Y. M. C. A., said: "Beyond the advisability of remaining among one's relatives and friends, is the great possibility that at one's door are many opportunities for happiness, formerly overlooked."

A Little Protection, Please.

St. Paul.—Employees of the city health department whose offices adjoin the police department want more police protection.

Recently two men visited the health office and sold employees 15 raincoats, \$2.50 down on each coat, with the balance to be paid on delivery. The men and the coats are among the missing.

Now the health department employees are considering moving in with the police department.

Taking No Chances.

Portland, Ore.—Police Detectives Grisel and Price searched John Brown, 65, beggar, arrested on a vagrancy charge.

"What are these papers?" asked Price.

"My bookkeeping," Brown replied. "See, I made \$2.50 Sunday, only 36 cents Tuesday, a bad day, and \$1.75 Wednesday."

Asked why he kept the record, Brown retorted:

"So I can figure out my income tax. You know what happened to Al Capone?"

Taking a tip from the old custom

of holding "horse-swapping day," farmers of Colquitt county, Ga., have initiated a "bull swapping day."

A clogged water system is the

cause of overheating—of using more oil and gas—shortening the life of your motor—loss of pep and energy—stalling—expensive repairs—discomfort in driving—disagreeable odors—hard starting—etc.

Although a common trouble, overheating is a serious one and causes permanent damage to the motor. To avoid this and to offer a better service to our customers we have installed the latest method known to science for cleaning the entire cooling system of automobiles, by which we guarantee to free any clogged radiator.

May we suggest that now is the proper time for a Spring cleaning of the cooling system. Drop in any time and we will gladly service you.

Financial and Commercial

New York, May 14 (AP)—The stock market refused to follow the leadership of the rails to a further advance today, and turned somewhat reactionary after midday.

The list made fair progress for a time in the morning, but encountered considerable selling as utilities turned heavy. An early gain in cotton futures of around 50 cents a bale was converted into losses of nearly as much, and wheat sagged fractionally.

Rails showed pronounced strength for a time, with gains of 1 to 2 points in Santa Fe Union Pacific, New York Central, Pennsylvania, Northern Pacific, Delaware and Hudson, and others. Their gains were fairly well maintained, but after midday, losses of around a point appeared in American Telephone, U. S. Steel, Consolidated Gas, North American, American Sugar, Crown Cork, Liquid Carbonic and others. Gas stocks were strong for a time, American Can getting up more than 2 points.

The strength of rail stocks was accompanied by news ticker reports of increased business. The Federal public works measure was said by some brokerage quarters to have prompted some interest in recent issues. It was pointed out, however, that beneficial results of the works projects might well spread over many lines of business. Proposals for increased taxation to carry the project attracted keen interest.

Some financial quarters pointed out again that the continuance of the recent financial and business improvement movement and purchasing power. Therefore, the April figures released by the Bureau of Labor statistics attracted attention. Employment in manufacturing industries increased in that month 1.5 per cent and payrolls 4.5 per cent.

Sea Serpents in Olden

Before Columbus set sail with his three little boats for America, he had been warned by the sailors of Genoa and Spain that the sea was inhabited by monsters such as could swallow his whole fleet. If they took a fancy to the mariners aboard.

The stories were very probably "fish stories." But had they been told 6,000,000 years ago, there might have been some truth to the tales. Of course, there were no human beings on earth 6,000,000 years ago to tell them, science says.

There were "serpents" then, however, according to the record the rocks have kept of their bones in North America and in South America, in Europe and in New Zealand. They looked like snakes and the stories Columbus heard were pretty wide of the mark, for the longest of them were not over 45 feet. But even this is a considerable length for a snake to attain.

Their bones show that their backs were jointed at over 100 places, as the backs of modern snakes are, and their jaws were made so that they could be dislocated for the convenience of taking extra large mouthfuls. Their teeth were the vicious trap-like kind of teeth that curve backward to prevent their victim's escape.

The modern relatives of these ancient monsters still live and rear their young in the sea. We call them sea snakes. They live in tropical seas and only one of several kinds of sea snakes can crawl on land. The rest have lost the scales on their stomachs, by which they once crawled on dry earth.

They are powerful fighters and their poisonous fangs are dreaded by human beings as well as by their neighbors in the ocean.—Washington Star.

Summer and Line Squall

Types of Thunderstorms

Thunderstorms are of two main types. One is the common, local summer afternoon kind. The other is called a "line squall" and extends across the front of a moving mass of air, often for 100 or 200 miles, says the Boston Herald.

It is the movement of these air masses across the country which brings us our change of temperature and weather. Some come from Canada, some from the Gulf of Mexico, some from the Pacific. They differ greatly. Some are cold, some are warm, some contain little moisture, others a great deal. At the boundaries or "fronts" of these air masses, where each mass mixes with a dissimilar mass, occur regions of rapidly varying temperatures, changing winds, and bad weather, sometimes taking the form of thunderstorms.

Both types of thunderstorm are invariably characterized by rising air currents of great velocities, particularly at higher altitudes. Down currents are of much lower velocities and seem to exist principally at lower levels in regions of great turbulence.

Stones Made From Water
Nature is manufacturing stones from water, says a member of the national research council. The phenomenon is observed in small Virginia brooks. The rippling waters absorb oxygen, mixing it with the line carried in solution. The time thus liberated is deposited on any article close at hand. These new stones, when broken open, show that sandstone pebbles, trills, clam shells and other objects form the nuclei for the lime deposit from which they are created.—Pathfinder Magazine.

U. S. GRAND JURY IS PROBING WALL ST.

Senate Committee Also Is Busy Investigating.

New York—An epidemic of panic is sweeping the Wall Street financial district.

The investigation reveals that the government is "after" big bankers and money lenders who are lighting in going to strike next. Some of the leading figures of the profession have already been named from their pedestals by preliminary bolts.

A federal grand jury is probing into the situation with might and main—presumably on orders direct from Washington.

The scope of the senate inquiry is being extended, with particular attention to "private bankers and their part in the situation of securities."

Officials and books of some of the biggest houses of the street have been subpoenaed for examination.

President Roosevelt has ordered a general cleanup of the situation and it is determined that "nobody be spared if he is guilty."

It has been many a day since the country's hitherto all-powerful financial barons have trembled so in their seats.

Noted Banker Indicted.
The opening gun of the "cleanup campaign," one important phase of which is aimed at the modern bank practice of reckless speculation with other people's money, was fired with the arrest of Joseph W. Harriman, chairman of the board of the Harriman National Bank and Trust company, one of the best-known—although not the biggest by any means—banks of the city.

Harriman, later indicted on fourteen separate charges of making false entries in the bank's books while he was president of the institution, was arrested and arraigned as he lay ill in bed in his home. "Irregularities" involved in the specific charges footed up to a total of \$1,713,225. The accounts of 14 depositors were found to have been juggled—allegedly by the bank's president.

The Harriman bank was the only one of major importance in the city which did not reopen after the March banking holiday.

Another big banker to feel the impact of the administration's heel was Charles E. Mitchell, until recently head of the National City bank, which, as everybody knows, rates as one of the topnotch financial institutions of the country and indeed of the whole world.

Banker Mitchell is accused in two federal indictments, one of them returned shortly after his resignation and the other some two weeks later, of erasing the payment of income taxes totaling more than \$730,103 by concealing fictitious losses through the transfer of securities which were later doctored back to him.

The second indictment charges the evasion of payment of \$156,791.09 in income taxes for the year 1930 by a fraudulent sale of \$750,000 worth of stock which the banker is alleged to have repurchased five months later for substantially the same sum.

Another Banker in Hot Water.
Still another "big league" banker in hot water with the government is Horace C. Sylvester, until recently vice president of the National City company, an affiliate of the National City bank, who is under indictment on a charge of third-degree forgery growing out of his testimony in the senate stock market inquiry about the time Mitchell was making his grudging admissions. Sylvester is accused in the true bill returned against him by the federal grand jury here of having directed the treasurer of his company to make \$12,000 out of the account of a syndicate formed to float a Port of New York authority bond issue as an expense of the syndicate when it was really used for a loan to John E. Ramsey, general manager of the Port of New York authority. The loan, it developed, was made six weeks after the National City company had underwritten an issue of \$60,000,000 in port authority bonds.

Forgotten Coin Held in Banks in Philadelphia
Philadelphia—Now that Philadelphia has turned their attention from the "forgotten man," more than a morsel of speculation has been aroused in regard to the "forgotten dollar."

An official survey showed that approximately \$500,000 in unclaimed deposits and accumulated interest is lying in bank vaults, forgotten by careless citizens who never bothered to check out the last cent—or perhaps the last dollar.

In 1918 alone more than \$31,000 in deposits was abandoned in Philadelphia banks.

Twins Are Identified by Pucker of Their Lips
Spokane—Even since their birth it had been difficult to tell Marian and Muriel Monroe, twins, apart. The other day the girls underwent a dental operation. The operation left a different pucker to their lips, and this pucker will enable their mother and the girls' friends to identify them.

Exhibits Huge Egg
Springdale, Ark.—A hen egg which would "make a meal for an average family" was exhibited here by W. E. Browner. The egg weighed more than a half pound, measured 3 1/2 inches in length, and was 5 inches in circumference.

Children, Plants Get Fever
Children get fever when there is something wrong—anyone of a hundred different things. It is much the same with house plants that turn yellow. Many causes will produce this effect.

Quick Murder Trial Drawing to A Close

Baessler for a bill which has now been paid.

He told of the happening at Baessler's when Corcoran hit him on the head with a blackjack. He and Baessler had been to Kingston in December. They stopped at Baessler's and Mr. Corcoran said he had a dollar left and he wanted to spend it so he ordered drinks for Baessler, Corcoran and himself. He laid the dollar on the counter and talked to Anton. Baessler stood in front of him and could not have taken the bill and Baessler later asked him if he had paid. He told Anton he had put the dollar on the counter. It was his last dollar. Mike served the drinks. Baessler accused him of not paying and said he fled and next he knew Mike came out and jumped on his back and hit him with something. Joeelyn said he had a heavy cap on and the blow did not do much damage but he fell on the counter and broke off three teeth.

He exhibited the space where the teeth were missing. He said he then walked out. The testimony about this altercation was stricken from the record as having nothing to do with the present case.

Cross examined he said he had given Anton the sum six or eight months ago. In 1932 in the fall he had gone to Stamford with Anton to get Mike. While there he looked in the pocket of Baessler's car and there saw the small gun. It was rusty and was not loaded. "It could do no harm to anyone," he said as he left the stand. Recess until 2 o'clock.

Frederick C. Lang, a founder of the Tietjen & Lang Dry Dock Corporation, of Hoboken, died in Leonia, N. J., Wednesday, at his home, 333 Park avenue. He was 82 years old. Mr. Lang retired from active management of the dry dock in 1916. He had developed it in 1884 with his brother-in-law, John F. Tietjen. In his boyhood Mr. Lang came to America from Mecklenburg, Germany, and after working on coal barges he became a naval architect and engineer. Surviving are his wife, Mrs. Helen Tietjen Lang; a son, Walter, of Los Angeles, and two daughters, Miss Mary Lang of Leonia, and Mrs. Helen von Deesten, also of Los Angeles.

Thomas F. Doyle of 118 Boulevard, who for the past 16 years was employed in the M. H. Herzog store on Wall street, died at his home Wednesday evening, following a protracted illness. Mr. Doyle was well and favorably known in the uptown section where he took up his residence upon coming to Kingston 24 years ago from Saugerties, where he was born. He was a member of St. Joseph's Holy Name Society, which will recite the Rosary at his late home Friday evening at 8 o'clock, and of the American Legion. During the World War he was attached to the U. S. Coast Artillery. Surviving are his wife, his mother, Mrs. Frank Kelder; one brother, James Doyle, and one sister, Mrs. Edward Grogan. His father was the late James Doyle. Funeral from his late home Saturday morning at 8:45 o'clock, thence to St. Joseph's Church where a high Mass of requiem will be offered for the repose of his soul. Interment will be in St. Mary's cemetery, Coxsackie, N. Y.

The funeral of John Gardeski, 14-year-old son of Katherine and the late Raymond Gardeski who died suddenly Sunday morning at Hasbrouck Park was held from his late home 119 Newkirk avenue Wednesday morning at 9 o'clock and at 9:30 o'clock at the Church of the Immaculate Conception where a high Mass of requiem was offered for the repose of his soul by the Rev. Francis Borowski. The floral tributes from a host of sorrowing relatives, friends and neighbors were many and beautiful. The children of the Immaculate Conception Parochial School marched from the home to the church and attended the services. John was a child, and a favorite in the neighborhood and the sympathy of the entire community is felt for the bereaved family. The bearers were Joseph Lucas, Bernard Szymanski, Frank Tatarowski, John Roskowski, Peter Keizer and Augustine Stopczynski.

LITTLE THINGS
By D. B. JONES
Little things are great.
It's not the size of homes or people
That so greatly ease
In hearts or in the souls of people.
A little rest may bear
The sweetest fruit of all.
A little baby's prayer
Commands us to one and all.
Little things are great
Right's a twinkling star
That guides us to the heights
Where truths eternal are.

Attention

In Memoriam
JONES—In loving memory of our dear husband and father, Solomon J. Jones, who died May 18, 1932. God chose this day six years ago when heaven's gates were opened and a loving voice said "Come." With a farewell nuptial. No more upon this earth we'll see your sweet and loving face. There is no one in this wide world can ever take your place.
(Signed) BEHEAVED WIFE AND CHILDREN

In Memoriam
In sad and loving memory of our dear mother, Mrs. Angeline Keast who departed from us for her heavenly home May 18, 1932. How we miss you, mother darling. Every day still more and more. But God grant some day we'll see you.
On that blissful heavenly shore. When the evening shadows are falling.
And we are sitting all alone. In our hearts there comes a longing. If our mother could come home.

Celebrates 75th Birthday.
West Shokan, May 18.—Congratulations and still many happy returns of the day to Mrs. Shepard Bell, who celebrated her 75 birthday on Sunday. Mrs. Bell was born in Shokan and much of her noble self-sacrificing lifetime has been spent in this locality. Still sprightly as a young woman of 50, Mrs. Bell is carrying on in her accustomed unassuming way, attending her household duties and catering with tender care to the needs of her devoted husband. Mrs. Bell is one of the community's best loved and esteemed residents. On the occasion of her anniversary she received a number of very appropriate gifts from on-coming friends, also a shower of letters and greeting cards.

Surprise Shower.
West Shokan, May 18.—Among recent Maple Dell week-enders were the following: The Misses Gladys Nelson and Catherine Willis of Brooklyn, Edith Malcolm of Wood Haven, Long Island, Chrissie Sorce of Bellville, N. J., Ruth Miles of Port Richmond, L. I., and Miles of Port Richmond, L. I. On Saturday evening Miss Myers was given a most pleasing surprise in the form of a house party, and shower. There was of course a delightful luncheon served with a table specially decorated for the occasion. In front of Miss Myers' place at the head of the table stood a dainty little bride party, with an equally dainty little minister, with the working tools of his profession in hand. Howard Lucht was the only and best man present at the party, but he did his part nobly. Upon their return home Sunday afternoon the departure was in the form of a mock-bridal party in a gaily bedecked lead car carrying Miss Myers as bride and Mr. Lucht, at the wheel, as groom, traveling as far as Kingston, where the remainder of the trip was made by bus.

Patting Deserts to Work.
Civilization is said to have originated in the semi-arid lands of the world, but only after the lapse of ages did agriculture leave such places and reach its highest development in the temperate regions, so it follows that modern irrigation and dry farming constitute, in a measure, a return to agricultural ways practiced centuries ago. Attention is again paid to countries of little water supply, where, with the improved methods derived from modern science, much of the food supply of future generations is likely to be produced.

44 LEGISLATURES CUT STATE COSTS

More Than \$200,000,000 Was Lopped From Budgets.

Washington, D. C.—Legislatures in 44 states which met this year cut taxpayers \$25,752,230 in salaries and deferred savings estimated at more than \$200,000,000, a survey revealed.

The salaries were paid to 6,687 legislators. Incidental expenses for legislative sessions being the total above \$11,000,000. In four states—Kentucky, Louisiana, Mississippi and Virginia—no legislative sessions were held.

Twenty-four states paid legislators on a work-day basis ranging from \$3 to \$15 per day. The larger figure is paid in Arizona and the lower in Kansas, Michigan, and Oregon. The remaining twenty states paid their representatives a set amount a session, ranging from \$200 for New Hampshire to \$3,760 for Illinois and \$3,000 for Pennsylvania.

Legislative experts computed that \$100,000,000 had already been saved to taxpayers, although 32 legislatures are still in session, making additional reductions.

Favorite methods of making savings were consolidating and abolishing state bureaus and commissions, reducing salaries of employees retained and slowing up expenditures such as road-building and construction of state institutions. When the entire legislative session is completed, experts estimated that the present figure would be at least doubled.

New York's legislators plan to save \$20,000,000, Oklahoma \$15,000,000 and Iowa \$6,000,000.

Efforts to increase declining revenues constituted one of the problems before legislatures this depression year. Typical means of expanding receipts were through passage of sales, gift and inheritance taxes.

New Spanish Justice Is Slow, Records Indicate
Madrid.—Justice moves unusually slowly in Spain and there are persons who have been under arrest since the proclamation of the republic, April 14, 1931, without trial.

The principal prisoner of this type is Gen. Damaso Berenguer y Fuste, premier of Spain from January 29, 1930, to February 14, 1931. He is held in connection with the "responsibility" investigation of the execution of Capt. Fermin Galan and Garcia Hernandez at Jaca in the December, 1930, republican uprising. Berenguer has been held on various occasions in the Madrid military jail in a castle at Segovia, and has also been allowed to remain under arrest at his home, where he now is.

In their cells in the Madrid jail still are the three Miralles brothers, ardent monarchists, who were arrested during the excitement around the ABC building on May 10, 1931. On that occasion a mob attempted to burn the monarchical newspaper. Police and civil guards intervened. Shots were fired. Two persons were killed. Various monarchists were arrested and all eventually released except the Miralles brothers, although there are no definite charges docked against them.

Police Arrest Woman, 71, as Reckless Driver

Pueblo, Colo.—Police Judge C. V. Marmaduke isn't so sure that it is all the "younger generation" when it comes to joy rides.

Officers arrested H. R. Newhouse, sixty-nine, and Mrs. Ellen Ogden, seventy-one, and charged the couple with drunkenness. In addition they charged Mrs. Ogden with reckless driving.

Officers said the automobile driven by the elderly woman narrowly avoided crashing into a police car, and did finally collide with a parked automobile.

Wife Investigates; Is Knocked Out by Burglar

Stockton, Calif.—When Charles H. Huston arrived home early in the morning, he found his wife unconscious on the floor with a swollen jaw. When she regained consciousness she related that, hearing a noise, she arose to investigate and encountered a burglar, who struck her. She had been "out" for about fifteen minutes, she estimated.

Mothers Baby Rats With Her Kittens

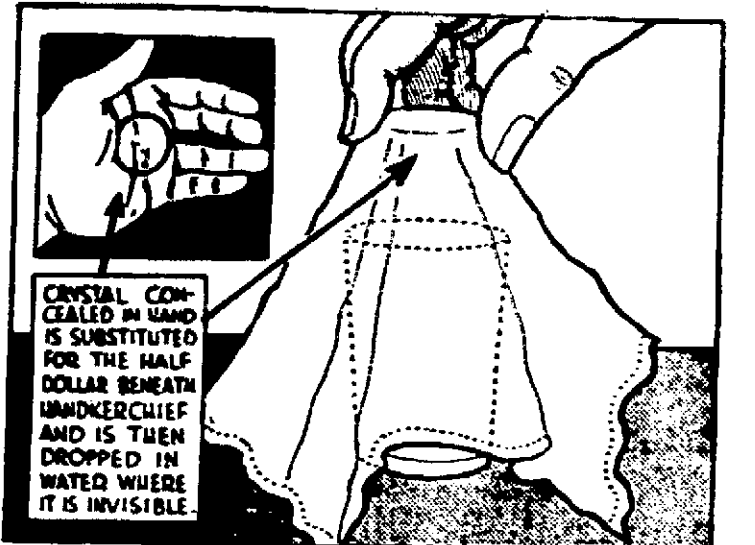

Henryetta, Okla.—An ordinary black and yellow speckled house cat has adopted two rats to raise along with her brood of four kittens at the Miracle Sweet Feed mill here.

E. A. Croom, part owner of the mill, found a nest of young rats in the building. Intending to furnish a wholesome meal for the mother cat and her four young ones, Croom placed the baby rats in the cat's pen.

Instead of devouring them, however, the sympathetic cat promptly began to mother them.

TRICKS of MAGIC EXPLAINED by Will L. Lindhorst

To do this trick, you must buy a watch crystal about the size of a half dollar. Conceal the crystal in your hand and borrow a half dollar from some one in your audience. Have a glass of water on a table, place the half dollar under a handkerchief, and hold this above the glass. Ask the spectators to feel the half dollar beneath the handkerchief, and as they do so, substitute the crystal for the half dollar. Let some one hold this and drop what is believed to be the half dollar into the water. Then withdraw the handkerchief, and the half dollar will have vanished. The crystal, being of glass and transparent, will not be seen in the bottom of the glass of water, and while the audience is wondering about this, you can slip the half dollar into your pocket.

Repealers Defeat Truckers to Win Fourth Straight

Morgan's Repealers won their string of consecutive victories to four without a setback by defeating the Van Etten & Hoggan Truckers, 1 to 0, at the Athletic Field Wednesday evening. The game by far was the most exciting played in the City League this season and it wasn't until the last inning that a winner was decided.

A large crowd of rabid fans turned out to see the game and they were well rewarded for their troubles. Long distance hitting played a big part in the game.

"Had" Bassett, who has been in a slump, finally snapped out of it and drove in four runs for the Truckers with a real honest to goodness triple and a double. He also scored once himself.

But it took "Ted" Fraleigh, Repealers' pitcher, to produce the most prolific hit of the evening. He sent Charlie Tiano scurrying across the platter with the winning run in the last inning by virtue of a home run.

Jole Hoffman also had a big night with the stick. He garnered a triple, a double and a single for the best average of the game. Charlie Tiano, with two doubles and Charlie Lay, with another double, were the other batters to get extra base hits.

Fraleigh, who has been going big in the league, didn't have things so easy with the Truckers. He yielded but four hits, but he was wild at times and allowed the hits to be coupled with his wildness.

Johnny Johnson pitched for the Truckers and gave Fraleigh a good battle. He really deserved to win and would have if Jimmy Sutton had taken his sista at the right time instead of waiting for the game. He let Jole Hoffman's high fly drop safely in the last inning and it meant the beginning of the Repealers' winning rally.

The Repealers jumped on Johnson in the first inning and before the dust had settled four runners raced across the plate. Hoffman started by crossing the infield with a bunt and Siskler followed with a single. Lay and Tiano hit doubles and Fraleigh singled to score the runs.

A walk to Thomas started the Truckers' scoring in the third inning. He was forced at second by Sutton. McCullough came through with a single and then Bassett hit his triple. He scored on a wild heave by Tiano who threw the ball home while Bassett was on third base.

Bassett drove a double off of Morgan's shins after Vandervee had been walked and Thomas had been hit by a pitched ball to score the Truckers' other two runs in the fifth.

Hoffman started the Repealers' half of the fifth with a double to left field. Tiano repeated and Fraleigh hit past Sutton for his homer and the ball game.

The Repealers figured a "little chicken" was in store for them at the start, but found out the chicken was somewhat tough.

"Ted" Fraleigh received a box of groceries from Dawkins' grocery store for knocking the homer.

Jimmy Merritt gave a fine exhibition of spearing flies in left field. If the Truckers had a man like Jimmy the story might be different.

One Won, The Other Lost. Which Was The Better?

Appearances, says Col. E. R. Bradley, owner of the famous Idle Hour Farm, are deceiving. Here is Broker's Tip, one of his thoroughbreds, garlanded with roses after Jockey Don Meade had ridden him to a sensational victory in the recent Kentucky Derby. The smaller picture is of Idle Hour, another Bradley horse, which didn't even finish in the money in the 1929 classic. Yet the colonel, himself, will tell you Idle Hour was the greatest horse he ever owned.

Tagging Major League Bases
By HUGH S. FULLERTON, JR.
(Associated Press Sports Writer.)
The Brooklyn Dodgers have found the going rather rough in the National League campaign, particularly when everybody was getting good pitching and their batters weren't able to hit their stride, but with the clouting department coming into its own again they are showing signs of becoming a serious threat to the pace setters.

In three games, the Dodgers have risen from a rather weak fifth in the standing to third place. All three victories were won with "story book" ninth inning rallies of the most exciting order.

Sunday Hack Wilson started his unusual string of victories with a pinch home run with the bases full in the ninth inning that beat the Phillies. Opening in St. Louis Tuesday, Brooklyn came through with two runs in the ninth to beat the Cards 6-5, and yesterday they put over three runs in a startling last-inning rally for a 5-2 triumph that moved them into third place and shoved the Cardinals down into a tie for fourth with Cincinnati.

The only painful part of the victory was that Freddy Heimach, starting hurler, sprained an ankle when his spikes caught on the slab in the fifth inning.

8th Homer for Berger.
Cincinnati, which had been as high as third place, dropped back to the 500 mark and a tie with the Cards when Ed Brandt pitched the Boston Braves to an 8-0 victory. He gave the Reds only three hits while the Braves blasted 13, including Wally Berger's eighth homer of the season. It came in the fifth inning when Boston scored six runs.

Pittsburgh improved its position at the top of the standing by winning its third straight game from the Phillies, 6 to 4, as Hal Smith turned in a great relief pitching job after Larry French had been blasted from the hill. John Berly, who started for the Phils, broke his right leg when his spikes caught on the plate in the third inning. The second place Giants and the Chicago Cubs were idle, preparing for a doubleheader today when the Cubs plan to host the 1922 pennant.

Yanks Trim Tigers.
The Washington-Cleveland battle for second place again furnished the excitement for the American League although they returned to orthodox baseball after Tuesday's wild exhibition. The Senators capped the coveted place with a 3-2 victory, pounding Wes Ferrell effectively. The New York Yankees retained their slender lead with a 4-1 victory over the Detroit Tigers. Lefty Gomez pitched six hit ball for the champions, but tossed away a shut-out with a wild throw after Ray Hayworth had tripled in the eighth.

The Chicago White Sox, with three former Philadelphia players appearing for the first time in Shibe Park in their new uniforms, blasted Rube Walberg and Jim Petersen from the hill with five runs in the eighth inning and walloped the Athletics 5 to 2.

The not-so-humble Boston Red Sox, paced by Dale Alexander, cut loose against the St. Louis Browns and won 7 to 3 for George Pipgras who made his first start for Boston. Pipgras gave only eight hits while Alexander came out of a batting slump to clout three straight. The day's third injury came when Sam West of St. Louis was hit by a thrown ball when Alexander was trying for a double play and suffered a face injury that will keep him out several days.

TO BAER THIS IS HIS GOLDEN OPPORTUNITY FOR IT NOT ONLY MEANS GLORY - BUT A CHANCE TO EAT REGULARLY !!

SPORT SLANTS

By ALAN J. GOULD
(Associated Press Sports Editor.)

Philadelphia baseball fans, as we anticipated, have manifest their agitation over the passing of Aloysius Simon, the celebrated crier, from the home grounds of the Athletics, along with two other leading cogs in Mr. Mark's one-time championship aggregation. But there's some reverse English on it.

The papers have been printing daily the detailed accomplishments of Simmons, Haas and Dykes in behalf of the Chicago White Sox. Every time Al, Mule or Jimmie was instrumental in breaking up a ball game, you could almost hear the echo of anguish in the neighborhood of Shibe Park or the City Hall. Almost, we said.

But what do you think most of the shouting has been all about? Regrets and recriminations over a dour fate that cost the Quakers their ace batsman? Not a bit of it!

The fact is that by any system of figuring, and there has been published a great deal of this sort of thing, the A's recruit trio of Finney, Cramer and Higgins has been out-hitting, out-running, out-scoring and even out-fielding the veterans they replaced in the Philadelphia lineup. The fans have produced the statistical proof.

Be Different in July
July may tell a different story. September, no doubt, will do so, anyway, but meanwhile the plight of the A's cannot be blamed on the conditions which forced the club to sell Aloysius for upwards of \$50,000 in cash, gold standard style.

No one disputes that the A's would be more dangerous with Simmons preceding Fox to the plate all season, but even with this happy combination to harass the enemy the fact is that the team was pretty well distanced last year by the Yankees and probably would do no better, if as well, this season. There are other factors, including pitching, to be considered.

It is no exaggeration, in May at least, to say that the Athletics would have just as good a chance to win the pennant this year, without Simmons, as they would with him, provided in either case that Grove, Earnshaw and Walberg were pitching up to their 1931 form.

The Old College Try.
The only thing rarer than the well known day in May or June seems to be the infelid combination (s) of the St. Louis Cardinals.

Coming east for the first time, it took the field with the 1931 world series outfield hero, Martin, on third; the former king of second basemen, Frisch, at shortstop; a former manager and seven-time batting champion, Hornsby, at second base; and an ex-utility man, Collins, on first.

If this or some other quartet doesn't sing harmoniously, it will not be the fault of Hornsby. Old man necessity is a prime factor, but the Rajah's come-back, despite recurrent foot trouble, has won the admiration of baseball observers, one and all. His big bat still can break up many a ball game. If he doesn't cover much ground afield, it is not because he isn't trying.

And as for creating any dissension or causing trouble in the leadership of the club, the boys say Hornsby is easier to get along with now than the most anxious rookie.

Tennis Stars Will Be at Po'keepsie
The Poughkeepsie Tennis Club has secured the world's leading professional tennis players for an exhibition match to be held on the club courts on June 1. Leading the stars will be Big Bill Tilden, holder of every important title at least once in his career. Vincent Richards, Hans Nusslein, the German ace, and young Bruce Barnes, of intercollegiate fame, comprise the other members of the group. Two matches of singles and one of doubles will be played during the afternoon, the first match starting at 5 o'clock.

Arrangements to accommodate about 1,000 have been made by the Poughkeepsie Tennis Club and a capacity crowd is expected. The tennis teams of several nearby schools and colleges have made reservations. Tickets will be on sale at the leading sporting goods stores and at the club house prior to the match.

Kronenberg Again At Greenkill Links
Mac Kronenberg of Forest Park, Woodhaven, L. I., who had charge of the golf links at Greenkill Lodge last summer, has returned for the 1933 season. The links, which he says are in good condition—better than they were at any previous time—will be open Sunday for the first. As an inducement to those wishing to learn more about the game, Kronenberg offers free lessons with memberships in his club and for business men, reduced rates after 4:30 in the afternoon.

BILLIARDS
The match in the city billiard tournament Wednesday at the Koenig A. C. ended in victory for Joe Marabellia of Glaceo over "Hotch" Alcorn, 100-94. It lasted 23 innings, the lead changing hands several times. High runs were Marabellia 27, Alcorn 14.

Action Against Local Store Begun in Court

A jury was drawn and trial started in the action brought by Joseph S. Pessnar against the Mohican Co., in Supreme Court Tuesday afternoon. The plaintiff was represented by Francis T. Murray, while Henry Kohl of Newburgh appeared for William A. Earl, attorney of record for the defendant.

Mr. Kohl protested against starting the trial that afternoon, saying that he had understood that the case was to come on Thursday morning and he had none of his witnesses present. However, in order to expedite matters as much as possible Judge Staley directed that a jury be drawn and the trial started, assuring Mr. Kohl that he would retain plaintiff's witnesses until Thursday if they were needed for further questioning by the defense. Later, after the jury had been drawn and the attorneys had stated their cases the judge announced that he would suspend until ten o'clock today, adding that it was not because Mr. Kohl was so much embarrassed about his case as that he had an important birthday party on in Newburgh this evening.

According to the statement made by Attorney Murray, the action arose out of an accident which happened near the front entrance to the Mohican store on John street on September 1, 1932. He stated that Mr. Pessnar had gone into the store and made some purchases, which were put into a box and that as he came out, carrying his purchases, he was struck on the leg by a box which had been slid along the walk by Edward Carle, an employee of the Mohican, who had been busy arranging the display in front of the store. Plaintiff claims that his leg was so badly injured that he was confined to his bed afterward and found it necessary to call a physician and that he is still under the care and treatment of a physician as a result of the injury he received. Also that he was unable to attend to his business in conduct of the Pine Hill Arms, which he runs, at Pine Hill. He asks for damages in the amount of \$10,000.

ALONG THE HIGHWAY

There are 700 motor vehicles in use in Florida.

Seven of every 10 automobiles in Florida are of American make.

Failure to pay attention to driving is listed as one of the principal causes of accidents.

With the completion of new highways Argentina now has 2344 miles of paved roads.

Horse traffic at Tower Bridge, London, still comprises more than one-third of the total.

At the end of last year 10,777 miles of federalaid roads were completed in the United States.

The cost of automobile accidents in the United States has been estimated at \$200,000,000 a year.

Traveling bookstalls, with books and magazines displayed on racks mounted on wheels, have appeared in Paris.

Yellow and black tags reading "Reduce the Gas Tax" have made their appearance on motor vehicles throughout the country.

The longest dual highway is being constructed in Delaware between Wilmington and Dover, the state capital, a distance of 45 miles.

BREEZY SNAPS

Ignorance sometimes insures poise.

Thrift is likely to overstep the line into miserliness.

A laugh is not necessarily insincere because it's loud.

Have your own opinion, but don't give it away so often.

If you are in society, you have to go to some amateur shows.

It is hard to define charm, but there is personal magnetism in it.

Travel is nearly always a disappointment except to the very young.

A man may know what he wants and not know that he oughtn't to want it.

A good many men do not allow their friendships to grow warm enough to be worth while.

At an old-fashioned party the men talked about their business work and the women about their housework.

What man wouldn't rather be greeted with loud, confused continued cheering than three formal "hoorays" given carefully by all present?

TO THE POINT

Towns are seldom as red as they are painted.

People who swallow a sailor's yarn are apt to get worsted.

There are no breakers ahead for the man who is already broke.

Nature works wonders, and men endeavor to get them patented.

Some men owe their success to acting contrary to the advice of their friends.

Sometimes it's not what the prize fighter does but what the referee says that counts.

The difference between a man and a boy is that each thinks the other is having all the fun in life.

When nature produces a shallow brain it usually tries to even up things by supporting a fluent tongue.

What a lot of wise men there would be in the world if every man knew half as much as he tries to make others think he knows!

SAYINGS OF THE WISE

Hypocrisy is the homage which vice renders to virtue.

It is a great ability to be able to conceal one's ability.

He that does one fault at first and lies to hide it, makes it two.

A truly virtuous man is he who prides himself upon nothing.

We are very far from being acquainted with the whole of our will.

The virtue of women is often love of their reputation and of their quiet.

We often inconvenience others when we fancy we can never possibly do so.

The sovereign ability consists in knowing thoroughly the value of things.

There are some silly people who know themselves and make a clever use of their silliness.

Nothing is impossible: there are ways which lead to everything; and if we had sufficient will we should always have sufficient means.—Tit-Bits.

Swimming Pool Might Be Ready for May 30

The new swimming pool in the rear of the Kingston Auto Top and Body Company across the viaduct must be ready for Memorial Day. It was said today by men in charge of construction. They are hurrying to complete their work in anticipation of favorable weather for bathing on the holiday. All the latest improvements in bath houses, showers, electrical effects, etc., may be found at the pool when it is completed.

Visits National Capital.

Guertsey T. Cross, secretary to Franklin D. Roosevelt during his two terms as governor, was in Washington Wednesday. His visit to the national capital has revived reports that he would be given a position in the attorney general's office. Since January 1, Mr. Cross has been practicing law at his home in Callicoon.
